I put together a little "starter script" for you to help you with your preparation and to outline the format we want to use on our web site.

My name is _____ . I was _____ **and then one day**
_____ and I was (stuck, devastated, depressed, grieving etc.) **AND**
I worked with Jan and _____ What specifically did you learn, understand, unblock,
gain, etc., and NOW _____

What if any hesitations or concerns did you have about working with EFT or Jan?
(Cost, time, the unknown, it would be so painful etc.)

What would you advise someone else if they have those fears?

Here's an example from one of my clients:

I was married to my husband for 28 years **and then one day** I found out he was having an affair. I was devastated. We divorced and I struggled for FOUR YEARS trying to get myself back to normal. I worked with Jan and in 5 HOURS we turned everything around. I was able to get over the shock and betrayal, the resentment and hurt. I don't take it personally any more. IN fact, Jan helped me see that he gave me a gift; he set me free. NOW --- I went to our son's wedding and it was amazing. I had no resistance or resentment. I was able to enjoy talking with him. I had a wonderful time and I know I am healing. Also, after my work with Jan...I ended a relationship that was built upon the same pattern I had developed with my husband. I don't have to settle any more. When I first heard about EFT I wasn't entirely sure it would help. I had tried it on my own and had a little success, but I wasn't sure it was really helpful. Working with Jan was amazing. To tell the truth, EFT is a secondary part of the work. Her intuition, her love and compassion...she is the real gift. I am on a limited budget, as we all are, but I can honestly say that paying for those few hours with Jan was easily worth 50 times what she charges. I mean, I had suffered and struggled for 4 years and in 5 HOURS I have turned my life around.

It would be great if you could also send us a photo of yourself that we can include on our web site with your audio testimonial (and your web site address if you would like publicity ☺). Just send it to info@janluther.com. If you have any questions, feel free to give me a call at (704) 563-0874. Again, thank you so much!

Hugs,

Jan ♥
