Program Information & Links

Some important program information and upcoming events are listed below. Please use the links provided to get more information.

Mentoring Membership Setup. Once you have been accepted into the mentoring program, you will receive an e-mail providing you with your login information for the membership portion of Jan's web site (<http://www.janluther.com>). On the left side of the home page you will find a **Personal Mentoring Login** box. Once you have entered your user name and password, you will be redirected to your home page (Dashboard) where you will find additional links to program information. We will need you to e-mail Michael at mike@janluther.com with your photograph and contact information (phone number, e-mail address, web site address, Twitter and/or Facebook names (if desired), and Free Conference Calling telebridge phone number - after you set it up using the instructions below). This will be placed on a web page for you and other participants to view for quick access to contact information of the current mentoring program participants.

****Case Study Training**** (\$79.00 max fee) – Tentative date for the live version of this training is August 25, 2011.

Three (3) Case Studies, each must include the written case study. Two (2) of these case studies with Jan must be with video. I am suggesting that my students submit one of the three case studies with one of my fellow US AAMET Trainers as we discussed in your interview.

Free Conference Calling (Telebridge) Account: To get your own Free Conference Calling account, please use the link to the video on your mentoring home page (Dashboard) and follow the instructions in the video to set up your free account. You will probably want to open a separate web browser window for this process.

AudioAcrobat® Account: You will not need this right away, so please wait until directed by Jan to sign up for this account. When directed, you can set up your own AudioAcrobat® account for recording and sharing your client sessions. To do so, please [click here](#) or on the link below.
